410.531.3200 | [www.becsm.com](http://www.becsm.com) | Building Envelope Consultants and Scientists, LLC.

[nick.palumbo@becsm.com](mailto:nick.palumbo@becsm.com)

### EDUCATION

Bachelor of Science in Civil Engineering at Cornell University

Masters of Science in Design/Construction Integration at Stanford University

### PROFESSIONAL ENGINEER

State of Maryland | No. 39952

Nick has more than 8 years of structural engineering experience in new design, repair and renovation of existing structures, and investigation of structural failures. He is experienced with low- to high-rise commercial, residential, and government buildings, foundations, and retaining walls. He is experienced in investigating and designing with steel, mild-reinforced and post-tensioned concrete, masonry, and wood framing for a wide variety of buildings and structures.

As a project manager, Nick is responsible for developing design specifications and repair details. making quality assurance construction observations, preparing condition surveys and daily field reports.
