James is an Assistant Project Manager at Building Envelope Consultants and Scientists, LLC. James earned his Bachelor of Science Degree in Civil Engineering in May 2013 from the University of Maryland and is currently a registered EIT in pursuit of a Professional Engineer license. As an Assistant Project Manager, he makes regular site visits to ensure projects are running smoothly and work is being performed up to industry standards and per project specifications and repair details. James also performs condition assessments and prepares in-depth reports, puts together project specifications and repair details, and reviews documents from contractors such as payment applications and submittals.
