

# BECS

Building Envelope Consultants and Scientists, LLC.

## Nicholas J. Palumbo, P.E. Project Manager

### PROFESSIONAL ENGINEER

State of Maryland | No. 39952

Nick has more than 10 years of structural engineering experience in new design, repair and renovation of existing structures, and investigation of structural failures. He is experienced with low- to high-rise commercial, residential, and government buildings, foundations, and retaining walls. He is experienced in investigating and designing with steel, mild-reinforced and post-tensioned concrete, masonry, and wood framing for a wide variety of buildings and structures.

As a project manager, Nick is responsible for making quality assurance construction observations, preparing condition surveys and daily field reports, and developing design specifications and repair details.
